

Gourmet Blueberries' Seasonal Worker Accommodation

CLIENT
Gourmet Blueberries

LOCATION
Hastings, Hawkes Bay

Gourmet Paprika, a family-founded business dating back to 1982, has blossomed into a prominent international horticultural operation, delivering high-quality produce. As Gourmet Blueberries (a division of Gourmet Paprika) operations scaled, the need for seasonal labourers has continued to increase across the season. This required provision of safe, comfortable and cost-effective accommodations for seasonal workers. The company worked with Portacom and invested in designing and constructing its own purpose-built seasonal workers' accommodation. These facilities provide comfortable living spaces that allow workers to rest and recharge effectively. Through collaborative partnerships and purpose-built facilities Gourmet Blueberries have provided quality accommodation for seasonal workers in a rapidly evolving industry.
